# Tailored to you

Exploring your brief, we will create a design to align with your brand and your work place.

**Our consultative approach and expertise will deliver a scheme which does not compromise, but invigorates your environment.**

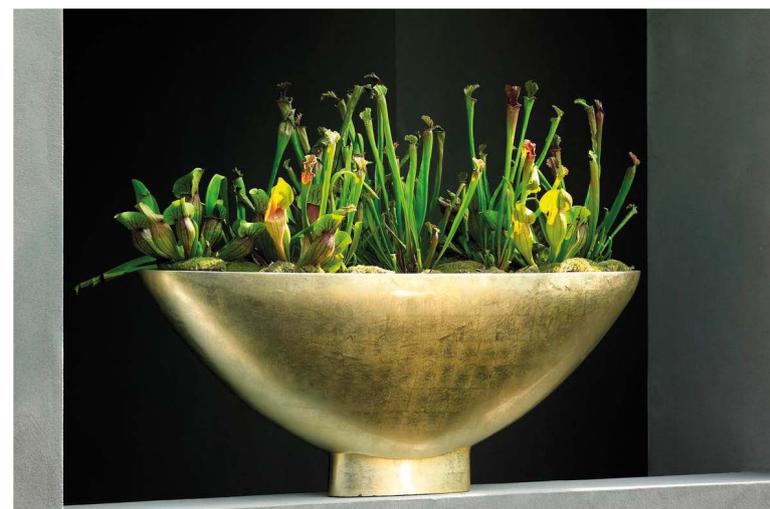

## *Our service doesn't end there...*

Not only will we design and install your plants, we will also alleviate you of the responsibility for caring for them.

Our highly-trained team of Technicians will regularly maintain your planting displays, meticulously caring for them and ensuring they are always looking their very best.
